

# Early Intervention for Children with Disabilities/Delays

Nevada 2-1-1 programs that identify infants, toddlers and in some cases, preschoolers, who show delays in physical, cognitive, language/speech, or psychosocial development. These programs help provide an enrichment program to minimize the developmental delay and to meet the child's current developmental needs.

**Keyword Search Instructions:** To start a new search, first **delete** all text and numbers in the keyword search box below and then enter new keyword(s). You can also click "**More Search Filters**" for additional keyword search options. **Please note that this will clear the current search and begin a new, unrelated search.**

**How to Search Using the Map:** To narrow the **current** search to a specific zip code, county, city or service days, use the search filters **located below the map**. Please click the "**Apply Filters**" button below the map to update your search results.

You can also return to the [Nevada 2-1-1 homepage](#) to find more search options.
