What are the Benefits?

- ✓ It is a useful resource for individuals who need help and don't know where to find it. The call center and on-line directory provides a consumer with information about local resources and how to access services.
- ✓ It is a helpful repository where other service providers can go to find resources needed by their clients.
- ✓ 2-1-1 can assist during times of disaster by directing non-emergency calls away from 9-1-1.
- ✓ The 2-1-1 system collects important data about emerging needs, trends, and gaps in services.

Nevada's Plan to Ensure People are Connected to the Services they Need

Why a Strategic Plan?

Nevada 2-1-1 has undergone many changes over the past two years. In 2014, oversight of the program shifted from the Governor's Partnership on 2-1-1 (made up of a group of organizational representatives throughout the state) to the Office of Community Partnerships and Grants within the Department of Health and Human Services. In 2015, operations of the 2-1-1 call center(s) shifted from two long-standing providers (Crisis Call Center, in Northern Nevada and HELP of Southern Nevada) to a new provider, the Financial Guidance Center.

Given the challenges and changes that Nevada 2-1-1 has experienced, the program developed a strategic plan to ensure long term sustainability and to guide future efforts. The strategic planning team included multiple state departments, human service providers, and the Financial Guidance Center as the contractor for Nevada 2-1-1 services.
